Abbreviations used in this pattern

K2tog: Knit 2 sts together as one.

P2tog-tbl: Purl 2 sts together as one, through the back loop. With yarn in front and from left to right, insert the right needle tip in the 2nd st through to the 1st stitch. Bring yarn around needle and purl them together. See video-www.knittinghelp.com

SKP: Slip the next st as if to knit without working the st, knit the next st, with left needle point pick up the slipped st and pass it over the knitted st, dropping it off the right needle.

St-stitch

YO: Before a knit stitch-wrap working yarn around the right needle by bringing it from the back, under the right needle, wrapping over the top of the right needle to return it to the back position.

YO: Before a purl stitch- work as YO above, but continue to bring the yarn from the back position under right needle again to have it in the front ready to purl the next st. You will still have increased a stitch.
